How to Use Jade

In this module, we will examine arithmetic (addition and subtraction) operations, and the logical operations (AND, OR, and NOT) that are used to build digital circuits.

At the end of this module, you will be able to:

- Perform arithmetic operations, including addition and subtraction, on binary numbers.
- Perform AND, OR, and NOT logical operations on binary numbers.

INTRODUCING OPERATIONS	1:59 / 1:59	1.0x
